The DEKS Group of Companies

DEKS North America Incorporated is part of the DEKS Group of Companies with facilities and distribution in more than 28 countries worldwide. DEKS are driven by providing high quality product and a premium service to the roofing, waterworks/plumbing, and construction industries.

With over 30 years' experience in the USA, DEKS has local knowledge and responds quickly. As part of a publicly listed Skellerup Industries Group, we have more than 100 years of polymer manufacturing experience in industries ranging from agriculture to automotive.

DEKS North America

Based in Chicago, IL, with representation throughout the USA and Canada, the DEKS North America team bring experience and passion for sealing and waterproofing products.

DEKS product range covers the following areas:

- ▶ Waterworks/Plumbing: DEKS offers a wide range of UPC compliant flexible connectors or domestic and commercial plumbing.
- ▶ Roof Sealing Solutions: DEKS is home to the original Dektite roof flashing and continues to offer the most comprehensive range of polymer roof flashing solutions.

History

DEKS was established in Australia by Mr George Cupit in 1947 and remained a family business until it became part of the Skellerup Industries in 2003. DEKS continue to service their clients internationally, providing industrial markets with high quality products.

Skellerup began life in 1910 when a young George Skellerup opened the first rubber goods store in New Zealand and developed his Para Rubber Co into 52 stores. Through strong management and a commitment to grow, Skellerup Industries was listed as a public company in 1947 and has since expanded to cover a wide variety of global operations.
