Nu Lead - For Tiled Roofs

No more worries about unprotected lead

Combines a long – life weather resistant EPDM cone with grey primed Thermo-Baked Acrylic Primer coating. The unique thermo baked coating does not affect the lead's malleability, and prevents leaching onto the roof and into the gutter, down pipes and the water table.

Available in Black EPDM and Red Silicone with grey lead base.

Fast Flash

Self Adhesive lead replacement

Fast Flash is ideal for anywhere requiring a quick and secure flashing solution. Fast Flash can be installed on roofs with a slope of min. 5° and on almost all roof materials. Fast Flash has the added benefit of being environmentally friendly and comes in various sizes.

Width	Length	Weight	Colour	Product Code
280mm or 11"	5m or 16'	4.7kg or 10lb	Grey/Black and Red Brick	FFR5-280
370mm or 12.5"	5m or 16'	4.7kg or 10lb	Grey/Black and Red Brick	FFR5-370
560mm or 20"	5m or 16'	9.2kg or 20lb	Grey/Black and Red Brick	FFR5-560

For detailed installation information go to: www.deks.com.au/products/main-products/non-lead-flashings

Dekstrip*

Stretches to any Shape, Seals and Stays

Forms and stretches to solve all your flashing problems. Dekstrip expandable edge flashing is the answer to flashing large, curved award profiles and penetrations. It's ideal for box gutter expansion joints and is the fast, easy & most effective way to flash a bullnose.

Width	Length	Product Code	Carton QTY
180mm or 7"	23m or 75'	DS23-180	1
235mm or 9"	23m or 75'	DS23-235	1

Deks Top Hat Roof Kit

The Top Hat Roof Kit consists of 6 components that create a roof penetration system which is quick and easy to install, saving you time and money. Our unique roof penetration kit ensures that all pipework goes through one penetration to meet regulatory requirements and to reduce the risk of roof leaks. It is the only product that directly caters for the penetration of HVAC, solar pipework, plumbing pipework, electrical conduits and cables.
